

渋谷スクランブル皮膚科
Shibuya Scramble Dermatology Clinic

Shibuya Scramble Dermatology Clinic provides general and cosmetic dermatology services to residents and visitors of Japan. Our physicians are fully licensed, board-certified dermatologists.

As your trusted skincare specialists, we provide evaluation, diagnosis, management and treatment for a full-range of skin-related problems, including eczema, acne, hives (urticaria), hair loss (alopecia) and sweat disorders (hyperhidrosis).

Our clinic also provides cosmetic dermatology services such as laser, ultrasound, microwave and injection therapies. We offer wide array of treatment options for skin problems in all ages, from infants to the elderly.

We have consultation services in English on specified days. If you require these services, please contact us about the availability of English consultation services prior to your visit. (英語による診療は特定の曜日のみ対応可能ですので御来院前に一度ご相談ください)

Our clinic is just a short walk from Shibuya Station and is conveniently located near the Shibuya Scramble Intersection.
